About This Circular and Related Proxy Materials

We are providing this management proxy circular (“Circular”) and proxy materials to you in connection with the annual meeting of shareholders of Hydrogenics Corporation (“Hydrogenics”, the “Corporation” or the “Company”) to be held on May 8, 2013 (the “Meeting”). As a shareholder, you are invited to attend the Meeting. If you are unable to attend, you may still vote by completing the proxy or voting instruction form that was mailed to you. This Circular describes the items to be voted on at the Meeting and the voting process, and provides information about executive compensation, our corporate governance practices and other matters.

Please see the “Solicitation of Proxies and Voting Instructions” section below for an explanation of how you can vote on the

matters to be considered at the Meeting, whether or not you decide to attend the Meeting.

In this Circular, unless the context otherwise requires, all references to “we,” “us” and “our” refer to Hydrogenics and its subsidiaries. Unless otherwise indicated, all amounts in this Circular are in U.S. dollars.

This Circular is dated as of April 1, 2013 and, except as otherwise indicated, all the information contained in this Circular is given as of that date.

Solicitation of Proxies and Voting Instructions

The information contained in this Circular is furnished in connection with the solicitation of proxies from registered owners of common shares (the "Shares") of Hydrogenics (and of voting instructions in the case of non-registered owners of Shares) to be used at the Meeting, and at all adjournments and postponements thereof, for the purposes set forth in the accompanying notice of annual meeting. It is expected that the solicitation will be made primarily by mail, but proxies and voting instructions may also be solicited personally by employees of the Company. **The solicitation of proxies and voting instructions by this Circular is being made by or on behalf of management of the Company.** The total cost of the solicitation of proxies will be borne by the Company.

Registered Owners

If you are a registered owner of Shares, you may vote in person at the Meeting or you may appoint another person to represent you as proxyholder and vote your Shares at the Meeting. If you wish to attend the Meeting in person, do not complete or return the enclosed form of proxy because you will vote in person at the Meeting. Please register with the transfer agent, CIBC Mellon Trust Company ("CIBC Mellon"), when you arrive at the Meeting.

Appointment of Proxies

If you do not wish to attend the Meeting, you should complete and return the enclosed form of proxy. The individuals named in the form of proxy are representatives of management of the Company and are officers of the Company. **You have the right to appoint someone else to represent you at the Meeting.** If you wish to appoint someone else to represent you at the Meeting, insert that other person's name in the blank space in the form of proxy. The person you appoint to represent you at the Meeting need not be a shareholder of the Company.

To be valid, proxies must be received by CIBC Mellon by mail at P.O. Box 721, Agincourt, Ontario, Canada, M1S 0A1 or by fax to (416) 368-2502 or 1 (866) 781-3111 (toll free), not later than 5:00 p.m. (Toronto time) on May 6, 2013 or, if the Meeting is adjourned or postponed, 48 hours (excluding Saturdays, Sundays and holidays) before any adjourned or postponed meeting.

Failure to properly complete or deposit a proxy may result in its invalidation. The time limit for the deposit of proxies may be waived by the Board of Directors at its discretion without notice.

Revocation

If you have submitted a proxy and later wish to revoke it, you can do so by:

- (a) completing and signing a form of proxy bearing a later date and depositing it with CIBC Mellon as described above;
- (b) depositing a document that is signed by you (or by someone you have properly authorized to act on your behalf): (i) at the registered office of the Company at any time up to the last business day preceding the date of the Meeting, or any adjournment or postponement thereof, at which the proxy is to be used; or (ii) with the chair of the Meeting before the Meeting starts on the day of the Meeting or any adjournment or postponement thereof; or
- (c) following any other procedure that is permitted by law.

Voting of Proxies

In connection with any ballot that may be called for, the management representatives designated in the enclosed form of proxy will vote, or withhold from voting, your Shares in accordance with the instructions you have indicated on the form of proxy and, if you specify a choice with respect to any matter to be acted upon, your Shares will be voted accordingly. **In the absence of any direction, your Shares will be voted by the management representatives: (i) FOR the reappointment of the auditors; and (ii) FOR the election of directors.**

The management representatives designated in the enclosed form of proxy have discretionary authority with respect to amendments to matters identified in the notice of annual meeting and with respect to other matters that may properly come before the Meeting. As at the date of this Circular, management of the Company knows of no such amendments or other matters.

Non-registered Owners

If your Shares are registered in the name of a depository (such as CDS & Co., the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), or an intermediary (such as a bank, trust company, securities dealer or broker, or trustee or administrator of a self-administered RRSP, RRIF, RESP or similar plan), you are a non-registered owner.

Only registered owners of Shares, or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. If you are a non-registered owner, you are entitled to direct how the Shares beneficially owned by you are to be voted or you may appoint yourself or a representative that

will entitle you or your representative to attend and vote at the Meeting.

In accordance with the *Canada Business Corporations Act* (“CBCA”) and Canadian securities law, the Company has distributed copies of the notice of annual meeting, this Circular and the 2012 annual report (collectively, the “meeting materials”) to the intermediaries for onward distribution to non-registered owners who have not waived their right to receive them. Typically, intermediaries will use a service company (such as Broadridge Investor Communications Solutions) to forward the meeting materials to non-registered owners.

If you are a non-registered owner and have not waived your right to receive the meeting materials, you will receive either a request for voting instructions or a form of proxy with your meeting materials. The purpose of these documents is to permit you to direct the voting of the Shares you beneficially own. You should follow the procedures set out below, depending on which type of document you receive:

(1) Request for Voting Instructions

If you do not wish to attend the Meeting (or have another person attend and vote on your behalf), you should complete, sign, date and return the enclosed request for voting instructions in accordance with the directions provided. You may revoke your voting instructions at any time by written notice to your intermediary, except that the intermediary is not required to honour the revocation unless it is received at least seven days before the Meeting.

If you wish to attend the Meeting and vote in person (or have another person attend and vote on your behalf), you must complete, sign, date and return the enclosed request for voting instructions in accordance with the directions provided and a form of proxy will be sent to you giving you (or the other person) the right to attend and vote at the Meeting. You (or the other person) must register with the transfer agent, CIBC Mellon, when you arrive at the Meeting.

- or -

(2) Form of Proxy

The form of proxy has been signed by the intermediary (typically by a facsimile, stamped signature) and completed to

indicate the number of Shares beneficially owned by you. Otherwise, the form of proxy is incomplete.

If you do not wish to attend the Meeting, you should complete the form of proxy in accordance with the instructions set out in the section titled “Registered Owners” above.

If you wish to attend the Meeting, you must strike out the names of the persons named in the proxy and insert your name in the blank space provided. To be valid, proxies must be received by CIBC Mellon by mail at P.O. Box 721, Agincourt, Ontario, Canada, M1S 0A1 or by fax to (416) 368-2502 or 1 (866) 781-3111 (toll free), not later than 5:00 p.m. (Toronto time) on May 6, 2013 or, if the Meeting is adjourned or postponed, 48 hours, (excluding Saturdays, Sundays and holidays) before any adjourned or postponed meeting. You must register with the transfer agent, CIBC Mellon, when you arrive at the Meeting.

You should follow the instructions on the document that you have received and contact your intermediary promptly if you need assistance.

Revocation

If you have submitted a proxy and later wish to revoke it, you can do so by:

- (a) completing and signing a form of proxy bearing a later date and depositing it with CIBC Mellon as described above;
- (b) depositing a document that is signed by you (or by someone you have properly authorized to act on your behalf): (i) at the registered office of the Company at any time up to the last business day preceding the date of the Meeting, or any adjournment or postponement thereof, at which the proxy is to be used, or (ii) with the chair of the Meeting before the Meeting starts on the day of the Meeting or any adjournment or postponement thereof; or
- (c) following any other procedure that is permitted by law.

Statement of Corporate Governance Practices

Board of Directors

Our Board of Directors has plenary power from shareholders to manage, or supervise the management of, the business and affairs of the Company. Our Board shares the belief that its role is to act in the best interests of the Company. The focus of the Board is to provide objective, prudent guidance to our management. Through management, the Board ensures appropriate processes are in place and are operating effectively and being monitored. The Board's responsibility to shareholders is demonstrated by its commitment to effective corporate governance and disclosure.

Our Board of Directors understands strong governance frameworks are critical not only to ensure organizational compliance and effectiveness, but increasingly to meet capital market expectations. The Board, through the Human Resources and Corporate Governance Committee, continues to monitor governance reforms and implement changes to our governance practices as necessary to comply with SOX, any new rules issued by the United States Securities and Exchange Commission ("SEC"), the Nasdaq Global Market ("Nasdaq"), the Canadian Securities Administrators (the "CSA"), the Toronto Stock Exchange ("TSX"), other applicable regulatory authorities, and industry best practice.

Five of the Company's directors are "independent." The Board's determination as to each director's independence is made with reference to definitions under applicable securities laws and stock exchange regulations. The Board considers Douglas S. Alexander, Michael Cardiff, Henry J. Gnacke, Donald Lowry and Norman M. Seagram to be independent directors. The Board of Directors does not consider Joseph Cargnelli and Daryl Wilson to be independent directors. The Board considers Daryl Wilson to be related by virtue of his being President and Chief Executive Officer of the Company and Joseph Cargnelli to be related by virtue of his being Chief

Technology Officer of the Company. See background information regarding each of our directors under the heading "Business of the Meeting – Election of Directors" for information regarding the boards of other issuers on which they presently act as directors and "Board of Directors Meetings Held and Attendance of Directors" for the attendance record of each director for all Board and committee meetings held since the beginning of the most recently completed financial year.

Pursuant to the subscription agreement we entered into with CommScope on August 12, 2010, for so long as CommScope beneficially owns at least 20% of the outstanding Shares, CommScope is entitled to appoint one non-voting observer to the Board of Directors. Jim Bowen is the observer appointed by CommScope.

Pursuant to the subscription agreement we entered into with Enbridge on April 20, 2012, for so long as Enbridge owns at least 5% of the outstanding Shares, Enbridge is entitled to appoint one non-voting observer to the Board of Directors. Chuck Szmurlo is the observer appointed by Enbridge.

In order to facilitate open and candid discussions among independent directors, independent directors may meet, at their entire discretion, at the end of each regularly scheduled Board meeting, in an *in camera* session without the non-independent members present. In addition, from time to time, the independent directors will have a special meeting with only independent directors. During the year, the Board held 8 meetings, all of which were regularly scheduled. During the regularly scheduled meetings, 8 *in camera* sessions were held.

In addition, we believe the fact that our Audit Committee and Human Resources and Corporate Governance Committee are

both composed entirely of independent directors facilitates the Board's exercise of independent judgment.

Board Mandate

The Board of Directors has adopted a written mandate for the Board (the "Mandate of the Board of Directors") to confirm and enhance the Board of Directors' ongoing duty and responsibility for stewardship of the Company. The Mandate of the Board of Directors is set forth in Appendix A. The Board of Directors is ultimately responsible for supervising the management of the business and affairs of the Company and, in doing so, is required to act in the best interests of the Company. The Board of Directors generally discharges its responsibilities either directly or through the Audit Committee and the Human Resources and Corporate Governance Committee. Specific responsibilities of the Board of Directors set out in the Mandate of the Board of Directors include:

- *Appointing Management* – including approval of the Chief Executive Officer and the Chief Financial Officer, the compensation of the Chief Executive Officer and the oversight of succession planning programs;
- *Strategic Planning* – including the review and approval of the Company's business, financial and strategic plans on at least an annual basis;
- *Monitoring of Financial Performance* – including the review of the Company's ongoing financial performance and results of operations and review and approval of the Company's audited and interim consolidated financial statements and management's discussion and analysis of financial conditions and results of operations ("MD&A");
- *Risk Management* – including the identification of the Company's principal business risks and the implementation of appropriate systems to effectively monitor and manage such risks;
- *Establishing Policies and Procedures* – including the approval and monitoring of all policies and procedures including those related to corporate governance, ethics and confidentiality;
- *Communication and Reporting* – including the oversight of the timely and accurate disclosure of financial reports and other material corporate developments; and

Position Descriptions

The Board has approved written position descriptions for the Chief Executive Officer, the Chair of the Board and the chairs of each of the Board's committees. The Human Resources and Corporate Governance Committee is responsible for reviewing and making recommendations to the Board regarding position descriptions for each of the Chairman, committee chairs and the Chief Executive Officer.

The Chairman of the Board of Directors is responsible for the functioning of the Board including, among other things, determining the agenda for each meeting of the Board of Directors, ensuring directors are kept informed of appropriate corporate matters, chairing the meetings and acting as a key liaison between the Board and senior management.

Chairs of Board committees are responsible for, among other things, scheduling, setting agendas for and presiding over committee meetings and acting as liaison between the committee and the Board.

The Chief Executive Officer is responsible for, among other things, overseeing the day-to-day business affairs of the Company, recommending to the Board the strategic plan and annual business plan and budgets and supervising senior management.

Orientation and Continuing Education

Pursuant to the Mandate of the Board of Directors, it is the responsibility of the Board to provide an orientation program for new directors and ongoing educational opportunities for all directors. The Board of Directors, upon the recommendation of the Human Resources and Corporate Governance Committee, adopted a written policy on director orientation and continuing education (the "Board Education Policy"). Under the Board Education Policy, newly appointed directors attend an orientation session designed to familiarize them with the Company's business and operations (including the Company's reporting structure, strategic plans, significant financial, accounting and risk issues, and compliance programs and policies), management and external auditors. New directors also have an opportunity to meet with management and other members of the Board of Directors to familiarize themselves with the business of the Company and their responsibilities as members of the Board of Directors. New directors are also provided with a manual containing, among other things, a record of historical public information as well as copies of the Mandate of the Board of Directors and the committees' charters and corporate policies. Under the Board Education Policy, the Board will, from time to time, arrange for presentations by key personnel or qualified outside consultants concerning topics relating to the Company's business, changes to the Company's legal and regulatory framework and corporate and board governance. The Board also encourages directors to attend external continuing education programs designed for directors of

public companies and offers some financial support in this regard. Five of the directors have completed formal director education programs.

Ethical Business Conduct

The Company has adopted a written Code of Business Conduct and Ethics (the "Code") which governs the behaviour of our directors, officers and employees. The Code also includes provisions required by SOX that are applicable to our Chief Executive Officer, Chief Financial Officer and other senior financial officers. The Board, through the Human Resources and Corporate Governance Committee, oversees compliance with the Code. Any deviations from, or amendments to, the Code will be publicly disclosed. The Code is accessible on our investor relations web page at www.hydrogenics.com.

Nomination of Directors and Compensation

The Board has a Human Resources and Corporate Governance Committee composed entirely of independent directors. See the Human Resources and Corporate Governance Committee charter at Appendix B for a description of the responsibilities, powers and operation of the Human Resources and Corporate Governance Committee.

Annually, the Human Resources and Corporate Governance Committee assesses the size of the Board of Directors, the competencies, skills and personal qualities required of the Board of Directors in order to add value to the Company, and the competencies, skills and personal qualities of existing directors. Based on this assessment, the Human Resources and Corporate Governance Committee will consider whether to recommend any changes to the composition of the Board of Directors, including proposing nominations to the Board for approval. When required, the Human Resources and Corporate Governance Committee will evaluate potential candidates for serving as a director having regard to the background, employment and qualifications of possible candidates and will consider whether the candidate's competencies, skills and personal qualities are aligned with the Company's needs.

In fulfilling its charter, the Human Resources and Corporate Governance Committee's role also includes reviewing and reporting to the Board on: human resource planning, including the terms of the compensation packages provided to the Company's employees; succession planning and senior management appointments; the levels and form of executive compensation in general; and the specific compensation of senior executives, including the annual compensation of the President and Chief Executive Officer. The committee also administers the Company's Omnibus Incentive Plan ("Omnibus Plan"), old stock option plan ("Old Option Plan"), old restricted share unit plan ("Old RSU Plan") and deferred share unit plan ("DSU Plan") and reviews and makes

recommendations to the Board regarding the annual compensation of non-employee directors.

Report of the Human Resources and Corporate Governance Committee

The Human Resources and Corporate Governance Committee ensures the Company develops and implements an effective and efficient approach to corporate governance and has a plan for the continuity of its officers and an executive compensation plan that is motivational and competitive, which will attract, retain and inspire executive management and other key personnel.

The committee ensures the Company's business and affairs are carried out in a transparent manner that will enhance shareholder value. The committee assesses the effectiveness of the Company's corporate governance processes and compensation policies and, where appropriate, makes recommendations with respect to the implementation, development and modification with respect to these processes and policies.

In 2012, the Human Resources and Corporate Governance Committee, in fulfilling its responsibilities, took the following measures:

- reviewed and approved, on an aggregate basis, the total compensation of all employees of the Corporation and all subsidiaries of the Corporation;

- reviewed and assessed the competitiveness and appropriateness of, and approved the compensation package of, each of the Designated Executives;

- reviewed and approved any employment contracts or arrangements with each of the Designated Executives, including any retiring allowance arrangements or any similar arrangements to take effect in the event of a termination of employment;
- reviewed and recommended to the Board compensation policies and processes and, in particular, the compensation policies and processes for the Designated Executives;
- in determining the long-term incentive component of the Chief Executive Officer's compensation and each Designated Executive's compensation, considered the Corporation's performance and relative shareholder return, the value of similar incentive awards to executives at comparable companies, and the awards given to executives of the Corporation in past years;
- made recommendations to the Board with respect to incentive compensation and equity-based plans, including the design and adoption of the Omnibus Plan, and reviewed and made recommendations with respect to the performance or operating goals for participants in such plans;
- administered, approved and ratified awards under incentive compensation and stock plans, including amendments to the awards made under any such plans, and reviewed and monitored awards under such plans;
- made recommendations to the Board regarding the annual compensation of non-employee directors;
- reviewed and reported to the Board on the appropriateness of the succession planning of the Corporation, including appointing, training and monitoring senior management;
- reviewed the significant human resources policies, plans and programs of the Corporation to ensure they are supportive of the Corporation's near and long-term strategies; and
- undertook on behalf of, and in an advisory capacity to, the Board such other initiatives as were considered necessary or desirable to assist the Board in discharging its responsibility to ensure appropriate human resources development, performance

evaluation, compensation and management development programs are in place and operating effectively.

The Human Resources and Corporate Governance Committee met 4 times in 2012. The Human Resources and Corporate Governance Committee is satisfied that it has fulfilled its charter during the year ended December 31, 2012.

Other Committee Assessments

The Human Resources and Corporate Governance Committee is responsible for supervising the assessment of the effectiveness of the Board of Directors as a whole and each committee of the Board of Directors, for evaluating the performance of the Chairman of the Board, the Chair of each committee and, as necessary, the performance and contribution of individual directors. The process generally involves the Human Resources and Corporate Governance Committee assigning the task of conducting a survey of directors (with respect to their views on the effectiveness of the Board of Directors, Chairman of the Board, each committee of the Board and its Chair and individual directors). The form of the survey is approved by the Human Resources and Corporate Governance Committee. The results of the survey are communicated in writing to the Chairman of the Board and the Chairman then reports the overall results and the Chairman's recommendations to the Board. The Chairman also meets in person or by telephone, as necessary, with each Board member to confidentially discuss his peer evaluation. The Chairman also meets with the Chair of the Human Resources and Corporate Governance Committee to review the results of the survey prior to the Human Resources and Corporate Governance Committee meeting to finalize its recommendations for Board and committee nominations. The Chair of the Human Resources and Corporate Governance Committee meets with the Chairman of the Board to discuss the Chairman's performance assessment.

Expectations of Management

The Board expects management to manage the business effectively in accordance with the strategic plan and policy directions approved by the Board. Management is expected to fully inform the Board of its performance in relation to these plans and of any events that may affect these plans, and propose remedial or alternative actions to the Board.

Communications Policy

In response to the Regulation on Fair Disclosure promulgated by the SEC, as well as other related regulatory initiatives, we have adopted a Communications and Disclosure Policy (the "Policy"), which reflects our commitment to providing timely and accurate corporate information to investors, including

shareholders, and to the general public. The Policy requires prompt general disclosure of any material information and sets out the procedures to be followed in communicating with investors, analysts and the media, including analyst conferences via webcast over the Internet. The Policy is accessible on our investor relations web page at www.hydrogenics.com. Inquiries from shareholders are responded to by our President and Chief Executive Officer, Chief Financial Officer or other appropriate officers of the Company. We maintain regular communication with the financial and investment community through industry analyst briefings by our Chief Executive Officer and Chief Financial Officer on at least a quarterly basis. Our quarterly earnings conference calls are webcast over the Internet and are accessible for a limited period of time on our investor relations web page at www.hydrogenics.com.

Disclosure Committee

The Disclosure Committee was formed in November 2002. The committee's membership includes the President and Chief Executive Officer, Chief Financial Officer and other members of senior management. The primary purpose of the committee is to establish, maintain, review and evaluate our disclosure controls and procedures, consider the materiality

of information and ensure compliance with disclosure obligations on a timely basis. The committee also supports the executive officers certifying under SOX and facilitates the procedures whereby all material information that could be required to be disclosed is accumulated, verified and communicated to the committee, senior management and our Board in a timely manner.

Director Share Ownership Guidelines

We have established director share ownership guidelines that require each of our directors to hold Shares or DSUs equal to three times the director's annual cash retainer within three years of his initial appointment. The value of the directors' Shares or DSUs are measured at either the year-end Share price, or a director's acquisition cost of Shares and initial grant price of DSUs.

Whistleblower Procedures

We have implemented specific whistleblower procedures to facilitate the confidential, anonymous reporting by employees of any concerns or complaints regarding accounting, internal controls and auditing matters. A copy of these procedures is posted on our investor relations web page at www.hydrogenics.com.

Compensation of Executive Officers and Directors

As the Company reports its financial results in U.S. dollars, the following discussion is prepared showing U.S. dollars, except as otherwise noted, notwithstanding that the currencies in which the Named Executive Officers (as defined below) are paid in Canadian dollars and euro. The average

exchange rates for the year ended December 31, 2012, for the purposes of the following disclosure, are US\$1 = CA\$0.9996, and US\$1 = 0.77euro.

The following compensation discussion and analysis is intended to supplement the more detailed information concerning compensation of executive officers and directors that appears in the tables that follow. Our goal is to provide a better understanding of our compensation practices and decisions made concerning the compensation payable to our executive officers and directors for 2012.

Compensation Discussion and Analysis

The Human Resources and Corporate Governance Committee administers the Company's executive compensation program for executive officers, including with respect to our President and Chief Executive Officer, our current, former and former interim Chief Financial Officer and our three most highly compensated executives, other than the President and Chief Executive Officer and Chief Financial Officer (collectively, the "Named Executive Officers"), as listed below:

- Daryl Wilson — President and Chief Executive Officer;
- Robert Motz — Chief Financial Officer and Corporate Secretary;
- Jennifer Barber— former Chief Financial Officer and Corporate Secretary;
- Kelly Demerino — former interim Chief Financial Officer and Corporate Secretary;
- Joseph Cagnelli — Chief Technology Officer;
- Wido Westbroek — Vice President, Sales and Marketing; and
- Filip Smeets — General Manager, OnSite Generation.

Objectives of Executive Compensation Program

The committee has primary responsibility for determining executive remuneration and for the design and review of the Company's compensation plans. In fulfilling this role, the committee seeks to:

- provide total compensation that is closely linked to the Company's performance and to individual performance;
- align the interests of the Company's executive officers with those of its shareholders through potential stock ownership; and
- ensure compensation and benefits are at levels such that the Company is able to attract and retain the caliber of executives and officers it needs to achieve its desired growth and performance targets.

The Human Resources and Corporate Governance Committee continuously monitors compensation structures against trends in the industry. In addition, at least on an annual basis, as part of a broad risk assessment program, the Board of Directors reviews the implications of the risks associated with the Company's compensation policies and practices. The Board of Directors has concluded that they do not encourage executive officers to take inappropriate and excessive risks. As discussed below, a significant portion of variable

compensation for executives is deferred, to maintain focus of the executives on sustained long term performance.

As well, the Company has adopted a policy which prohibits executives and members of the Board of Directors from purchasing financial instruments that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation.

Elements of Executive Compensation Program

Our executive compensation program has three principal components:

- base salary;
- short-term incentive (paid in cash); and
- long-term, equity based incentives.

We believe this variable compensation encourages high performance, promotes accountability and ensures that the interests of our executive officers are aligned with the interests of shareholders by linking individual performance and increases in shareholder value. Each of the components' specified objectives are set forth below.

The Company also offers all employees and Named Executive Officers certain benefits, such as short-term disability income benefits, long-term disability income benefits, healthcare, dental care, survivor benefits, dependent coverage, employee life insurance, dependent life insurance, accidental death, dismemberment and specific loss insurance, which form an integral part of the total compensation offered by the Company.

Base Salary

The objectives of base salary are to recognize market pay, acknowledge competencies and skills of individuals and reward individual contribution. The annual base salary for each of our Named Executive Officers (other than Ms. Demerino) was initially determined at the time of hire based on a number of customary factors, and is documented in an employment agreement provided to the executive officer (see also "Summary Compensation Table — Employment Agreements"). As Ms. Demerino was Interim Chief Financial Officer for a short period of time (18 days), the provisions of the executive compensation program did not apply to her).

Short-term Incentives

We provide a short-term incentive plan in which the Named Executive Officers, as well as other managers and employees, participate. This incentive plan is intended to reward achievement of short-term financial performance and milestones and focus on key financial, strategic and other business objectives. Pursuant to the short-term incentive plan, we have established layers of performance incentives up to certain percentages of base salary based on market

benchmarking. In landmark years, the committee may elect to award a “stretch maximum” of 100% of base salary. The percentage that an executive is awarded is based on the achievement of corporate objectives, the achievement of business unit objectives and the achievement of individual objectives. Certain Named Executive Officers have employment agreements with us that modify our short-term incentive compensation (see “Summary Compensation Table – Employment Agreements”).

For 2012, the target bonuses were equal to 50% for each of President and Chief Executive Officer, Chief Financial Officer and Corporate Secretary, and Chief Technology Officer, and 100% for the Vice President Sales and Marketing, and up to 35,000 euro for the General Manager, OnSite Generation.

Long-term Incentives

Long-term compensation is designed to focus executives' attention on the long-term interests of the Company and its shareholders. In 2012, the Company implemented a new Omnibus Plan which was approved by shareholders at the 2012 Annual and Special Meeting held on May 7, 2012. A maximum of 660,564 Shares are available for issuance and granting of awards under the Omnibus Plan, representing 10% of the Company's issued and outstanding Shares at that time.

The evolution of the employment marketplace has contributed to the continuing development of innovative compensation practices involving several alternative forms of equity-based incentives. In view of these developments, the Omnibus Plan that permits the grant of stock options and restricted share units (“RSUs”) and performance share units (“PSUs” and together with RSUs, “Share Units”) settled in Shares provides the Company with a flexible and dynamic long-term incentive compensation structure that; (i) allows for the implementation of potential performance vesting conditions; (ii) removes the link between stock option awards and short-term performance; and (iii) eliminates the requirement for cash settlement under the previous RSU plan, thereby eliminating both cash flow and earnings volatility resulting from the former plan.

Prior to the adoption of the Omnibus Plan in 2012, the Company had an Old Option Plan and an Old RSU Plan. Upon the adoption of the Omnibus Plan, grants under these plans have now been frozen and no further grants or awards will be made under such plans. However, the Old Option Plan and the Old RSU Plan will continue in effect for so long as and solely to the extent necessary to administer previously-granted awards that remain outstanding under such plans. See “Long-Term Incentives – Periods Prior to 2012” below for a description of the Old Option Plan and the Old RSU Plan.

Stock Options

Under the Omnibus Plan, the Board may grant stock options to any participant at any time. The exercise price for stock

options will be determined by the Board, but may not be less than the fair market value of a Share (being the closing price of Shares on the TSX on the last trading day on which the Company's Shares were traded occurring immediately prior to the applicable date, or if the Shares are not then traded on the TSX, as determined by the Board in its discretion) (the “Market Value”) on the date the stock option is granted, except in circumstances where the stock option is granted in exchange for another stock option, subject to TSX approval if required.

Stock options will vest and become exercisable as to one third of the stock option on each anniversary of the date of grant for the three years following the date of grant, unless otherwise specified in such participant's option agreement.

Stock options must be exercised within a period fixed by the Board that may not exceed ten years from the date of grant, except in a case where the expiry period falls during a blackout period, in which case the expiry period will be automatically extended until ten business days after the end of the blackout period. The Omnibus Plan also provides for earlier termination of stock options on the occurrence of certain events, including but not limited to, termination of a participant's employment.

Share Units

The Board may grant Share Units under the Omnibus Plan to any participant (other than directors) at any time. The terms and conditions of grants of Share Units, including the quantity, type of award, award date, vesting conditions, applicable vesting periods and other terms and conditions with respect to the award, as determined by the Board, will be set out in such participant's RSU agreement or PSU agreement, as applicable.

Accounts will be maintained for each participant and each notional grant of Share Units, as granted to such participant from time to time, will be credited to such participant's account. Share Units that fail to vest with respect to a participant, or that are paid out to the participant are cancelled and will be removed from such participant's account.

Upon the vesting and settlement of a Share Unit, the number of Shares covered by the Share Unit will be issued from treasury by the Company as fully paid non-assessable Shares, valued at not less than fair market as at the date of issuance (the “Issue Date”). If a participant gives notice to the Company, on or before the Issue Date, of its election to receive cash pertaining to a Share Unit, the Company, with the approval of the Board, may agree to pay an amount in cash equal to the aggregate Market Value of the Shares to be issued in place of issuing to the participant Shares under the Share Unit.

In the case of PSUs, if the performance-related conditions in respect of the vesting of Share Units determined by the Board at the time of granting the award (the "Performance Vesting Conditions") with respect to a fiscal year are not met during such fiscal year (the "Shortfall Year"), the PSUs which were scheduled to vest at the end of such Shortfall Year may vest in future years, so long as in such subsequent year the Performance Vesting Conditions for such subsequent year are equal to or greater than the cumulative aggregate Performance Vesting Conditions for the Shortfall Year and subsequent year. Performance Vesting Conditions may include but are not limited to, financial or operational performance of the Company, total shareholder return, individual performance criteria or otherwise, which may be measured over a specified period.

The Omnibus Plan is also subject to the following limitations: (i) no more than 10% of the Company's outstanding Shares may be issued under the Omnibus Plan or pursuant to any other security-based compensation arrangements of the Company during any one year period; (ii) no more than 5% of the Company's outstanding Shares may be issued under the Omnibus Plan or pursuant to any other security-based compensation arrangements of the Company to any one person; and (iii) no more than 10% of the Company's outstanding Shares may be issued to insiders under the Omnibus Plan or under any other security-based compensation arrangements of the Company within any one year period or be issuable to insiders at any time. In addition, with respect to stock options, no more than 1% of the Company's outstanding Shares during the term of the Omnibus Plan may be granted to directors, in the aggregate, and the annual value of stock options granted to directors cannot exceed CA \$100,000 per director.

Shareholder approval is required for the following amendments to the Omnibus Plan: (i) increasing the number of Shares reserved for issuance under the Omnibus Plan; (ii) reducing the exercise price of a stock option, except pursuant to the terms of the Omnibus Plan; (iii) extending the expiry date of an award, except the automatic extension of an award pursuant to the terms of the Omnibus Plan; (iv) extending the participation in the Omnibus Plan to non-employee directors and non-consultants; (v) permitting awards to be transferred other than by testate or intestate succession; (vi) permitting the addition or modification of a cashless exercise feature, payable in cash or Shares, unless it provides for a full deduction of the number of underlying Shares from the Omnibus Plan reserve; or (vii) permitting awards, other than those permissible under the Omnibus Plan.

As at April 1, 2013, the Company has the following securities outstanding under the Omnibus Plan:

- Stock options – 227,347
- PSU's – 154,493

- RSU's – NIL
- Total – 381,840

An additional 278,724 Shares remain available for future issuance pursuant to stock options or Share Unit grants under the Omnibus Plan, representing approximately 3.5% of the total number of issued and outstanding Shares.

Long Term Incentives – periods prior to 2012

Prior to the adoption of the Omnibus Plan in 2012, the Company had in place the Old Option Plan and the Old RSU Plan. Grants under these plans have now been frozen and no further grants or awards will be made under such plans. However, the Old Option Plan and the Old RSU Plan will continue in effect for so long as and solely to the extent necessary to administer previously-granted awards that remain outstanding under such plans.

As at April 1, 2013, the Company has 329,172 stock options outstanding under the Old Option Plan. Since the Old Option Plan was adopted, options exercised resulted in the issuance of 133,309 Shares as of April 1, 2013.

Under the Old Option Plan, if an option holder's employment or term as a director or consultant ceases as a result of the option holder's death, retirement or disability or because of the sale of the Company that employs the option holder, or to which the option holder is a director or consultant, all options vest immediately and may be exercised for 180 days (or, if earlier, to the end of the term). If an option holder's employment or term as a director or consultant is terminated without cause the option holder's options that are vested or that would otherwise have vested within the reasonable or contractual notice period may be exercised for 90 days (or, if earlier, to the end of the term). If an option holder's employment or term as a director or consultant is terminated by voluntary resignation, vested options may be exercised for 90 days (or, if earlier, to the end of the term) and unvested options are cancelled. If an option holder's employment or term as a director or consultant is terminated for cause, all options are immediately cancelled. Notwithstanding the foregoing, but subject to applicable securities laws, the Board of Directors may, at its discretion, permit the exercise of any or all options held by an option holder in the manner and on the terms authorized by the Board, provided the Board may not authorize the exercise of an option beyond ten years from the date of grant, excluding any automatic extension for an expiry date that falls in a blackout period.

Options under the Old Option Plan are non-transferable. The Board of Directors has the discretion to accelerate vesting and expiration of options in connection with a change of control of the Company, a sale of all or substantially all of the assets of the Company or a dissolution or liquidation of the Company. The Board of Directors may further take such steps it deems equitable and appropriate to adjust the number of

Shares that may be acquired on the exercise of any options or the exercise price in the event the Company effects a subdivision or consolidation of the Shares, payment of a stock dividend (other than in lieu of a cash dividend), or other change in capitalization of the Company, or upon any amalgamation, continuation, reorganization involving the Company, by exchange of Shares, by sale or lease of assets or otherwise, to preserve the proportionality of the rights and obligations of the option holders.

As noted above, the Old Option plan was superseded by the Omnibus Plan and no further grants or awards will be made under such plan. However, the Old Option Plan will continue in effect for so long as and solely to the extent necessary to administer previously-granted awards that remain outstanding under such plan.

The Old RSU Plan provided for grants of RSUs to certain employees (each a “participant”) of the Company and its affiliates. In determining the number of RSUs to be granted, the Human Resources and Corporate Governance Committee took into account such milestones and criteria as it had determined at the time of grant. An RSU is a right to receive a cash payment based on the value of a Share, subject to the vesting, forfeiture and other restrictions the Board of Directors may determine. RSUs are credited to an account in the name of the participant. If a dividend is paid on Shares, each participant’s RSU account is credited with additional RSUs (a “dividend RSU”) equal to a fraction where the numerator is the product of: (i) the number of RSUs credited to the participant on the date the dividends are paid; and (ii) the dividend paid per Share, and the denominator is the closing price per Share on the TSX on the last trading day on which the Shares were traded preceding the date on which dividends are paid.

Each RSU vests no later than December 31 of the third calendar year following the calendar year in respect of which the RSU is granted or such earlier date as is determined at our Board’s discretion. RSUs are redeemed within 30 days following the vesting date (and no later than the December 31 date referenced above), by a cash payment to the participant equal to the number of vested RSUs multiplied by the closing price per Share on the TSX on the last trading day on which the Shares were traded preceding the vesting date. A dividend RSU vests on the same day as the RSU in respect of which it was granted and is redeemed by the Company on the same date as the applicable RSU.

If a participant dies, retires or his or her employment is terminated by the Company without cause, or for disability or because of the sale of the Company that employs the participant, or to which the participant is a director or consultant, then a pro rata portion of unvested RSUs credited to the participant will vest and be redeemed. If the employment of a participant is terminated by resignation of the participant, the participant forfeits all rights to unvested RSUs. If the employment of a participant is terminated for

cause, that participant forfeits all rights to vested and unvested RSUs. The Board of Directors may accelerate the vesting of RSUs in connection with a change of control.

RSUs are non-assignable. The Board of Directors determined which employees were granted RSUs; the time or times when RSUs were granted; the number of RSUs granted; and the date or dates on which RSUs will vest. The Human Resources and Corporate Governance Committee administers the Old RSU Plan.

As noted above, the Old RSU plan was superseded by the Omnibus Plan and no further grants or awards will be made under such plan. However, the Old RSU Plan will continue in effect for so long as and solely to the extent necessary to administer previously-granted awards that remain outstanding under such plan.

Determination of Compensation

In reviewing and recommending executive compensation in 2012, the Human Resources and Corporate Governance Committee examined the base salary, short-term incentive bonus and long-term incentive components individually and as part of a total compensation package.

Independent Consultant

On a periodic basis the Human Resources and Corporate Governance Committee engages an independent consultant to provide specific support to the committee in determining compensation for the Company’s officers and directors. In 2011 and 2012, the Human Resources and Corporate Governance Committee retained the services of Meridian Compensation Partners, LLC as compensation consultants to provide market data on executive compensation and a technical analysis of the Company’s compensation plans and practices. Meridian Compensation Partners, LLC conducted position specific compensation reviews of certain senior officer positions in 2011 and 2012 and provided general consulting services to the Human Resources and Corporate Governance Committee. Decisions made by the Human Resources and Corporate Governance Committee are the responsibility of the committee and may reflect factors and considerations other than the information and recommendations provided by Meridian Compensation Partners, LLC. Meridian Compensation Partners, LLC also provided consultancy services to the Company with the full knowledge of the Human Resources and Corporate Governance Committee. Executive Compensation-Related Fees in 2011 and 2012 were as follows:

	2012	2011
Executive Compensation-Related Fees	\$2,030	\$35,838
All Other Fees	Nil	Nil

Comparator Group

The Company's reference market for the purpose of benchmarking executive compensation includes publicly listed hydrogen and fuel cell systems developers and also alternative energy and technology companies of comparable size, complexity and market capitalization. The following companies are considered comparative companies: Active Power, Inc., Ballard Power Systems Inc., Capstone Turbine Corporation, FuelCell Energy, Inc., Maxwell Technologies Inc., Ocean Power Technologies, Inc. and Plug Power Inc. (collectively, the "comparator group").

Determination of Amounts for each Element of Compensation

The Human Resources and Corporate Governance Committee uses as a guideline that each officer's compensation package be in the 50th percentile of each component (base salary, short-term incentives, long-term incentives and benefits) as well as total compensation, with reference to similar positions at the comparator group.

The mix of compensation components varies by executive level, reflecting the impact executives have on Company performance. In determining the mix, adjustments are made to reflect market trends, individual performance, the executive's role in the organization, and level of experience. This approach allows us to differentiate salaries that reflect a range of experience and performance levels among executives and determines how the Human Resources and Corporate Governance Committee sets the salaries of the President and Chief Executive Officer and other senior executives.

With respect to the compensation levels of executive officers, other than the President and Chief Executive Officer, recommendations were submitted by the President and Chief Executive Officer for review, discussion and amendment by the Human Resources and Corporate Governance Committee. Compensation for the President and Chief Executive Officer was determined solely by the Human Resources and Corporate Governance Committee.

In all cases, compensation was determined with reference to the financial and strategic imperatives of the Company, the responsibilities of the position, the performance of the incumbent, the competitive marketplace for qualified executive talent and the compensation practices of the comparator group. External competitiveness was measured against other comparable Canadian and U.S. organizations to ensure overall compensation was appropriate in terms of the responsibilities of executive positions in a public company.

For the President and Chief Executive Officer and Chief Financial Officer and Corporate Secretary, short-term incentive awards are determined either entirely or substantially on corporate performance. For those executives who have specific responsibility for a particular

business unit, short-term incentives are based on both that business unit's performance and overall corporate performance. For those executives in a corporate role, short-term incentives are determined with reference to both overall corporate performance and achievement of individual objectives.

The corporate performance objectives for fiscal 2012 included financial targets for revenue growth, sustainability, market traction, organizational effectiveness and development. Each objective is assigned a weighting. These objectives are set forth in the following table, together with highlights of our results.

2012 Performance Objectives	2012 Results
Annual Revenue Target <ul style="list-style-type: none"> Achieve budgeted revenue in 2012. 	<i>Partially met objective.</i>
Sustainability <ul style="list-style-type: none"> End the year with at least one full year of cash requirement. Achieve budgeted EBITDA loss target in 2012. 	<i>Exceeded objective.</i> <i>Did not meet objective.</i>

President and Chief Executive Officer Compensation

The Human Resources and Corporate Governance Committee evaluated Mr. Wilson's 2012 performance against the corporate performance objectives set for the year, as described above. Additionally, the Human Resources and Corporate Governance Committee considered Mr. Wilson's

leadership with respect to the strategic and operational priorities established by the Board of Directors, plus the Company's performance. Mr. Wilson's total compensation package consists of base salary, short-term incentive bonus and long-term incentive components and is benchmarked to be in the 50th percentile of each component (base salary, short-term incentives, long-term incentives and benefits).

Mr. Wilson's short-term incentive awards are determined entirely on corporate performance and represent 20% of his total eligible compensation. The corporate performance objectives for fiscal 2012 included financial targets for revenue growth, sustainability, market traction, organizational effectiveness and development. As a result of having made significant accomplishments in 2012 on the above noted performance objectives, significant accomplishments were made in 2012 as follows; achieving a 117% increase in order bookings over the previous year; accomplishing the delivery of the major energy storage project to a customer; securing the strategic investment of Enbridge; signing a significant order totalling \$90 million (inclusive of follow-on orders) which included an up-front payment of \$10 million, and advancing market and product development efforts, particularly in the area of energy storage. Accordingly, a short-term incentive award of \$249,900 representing 100% of Mr. Wilson's target short-term incentive eligibility was made for 2012.

Mr. Wilson's long-term incentive awards are designed to direct his attention to the long-term interest of the Company and its shareholders. The awards consist of stock option and PSU awards under our Omnibus Plan. For 2012, 59% of Mr. Wilson's total eligible compensation was in the form of long-term incentive awards.

Performance Graph

The following graphs compare the cumulative shareholder return on our Shares (assuming CA \$100 invested or US \$ 100 invested, as applicable) to the cumulative total return of each of the TSX Composite Index and the Nasdaq Composite Index during the period commencing on December 31, 2007 and ending on December 31, 2012. The closing price of our Shares on the TSX and Nasdaq on December 31, 2012 was CA \$6.75 and \$6.77, respectively.

The results shown in the graphs above do not reflect Hydrogenics' trend in compensation to its Named Executive Officers. The Corporation's market prices for its Shares are impacted by various external factors including the overall market sentiment and confidence in the future of the alternative energy technology sector.

While the total shareholder return trend does not reflect the Named Executive Officer compensation over the five year period, the achievement of other significant Corporation and individual performance milestones such as sustainability, product cost reductions, order progress and market traction, and the need to retain executive talent in a competitive market environment accounted for the level of compensation during the period.

During the period from 2007 through 2012, the annual base salaries of the President and Chief Executive Officer and the Chief Financial Officer and Corporate Secretary and each of the three highest compensated officers in each year during that period increased by an average of 2%.

Option Based Awards and PSU/RSU Awards

The President and Chief Executive Officer is responsible for submitting annual option grant and PSU/RSU grant recommendations (other than with respect to grants to the President and Chief Executive Officer) to the Human Resources and Corporate Governance Committee. The Human Resources and Corporate Governance Committee considers these recommendations and determines the appropriate recommendations regarding annual option awards and PSU/RSU awards to be presented to our Board of Directors for approval. Our Board of Directors considers the Human Resources and Corporate Governance Committee's recommendations regarding awards and, if advisable, approves these recommendations at fixed meeting dates,

which are specified in advance, and these awards are effective as of the date of approval.

Our Human Resources and Corporate Governance Committee considers any grant recommendations with respect to the President and Chief Executive Officer and submits its recommendations to our Board of Directors for approval without the input of the President and Chief Executive Officer.

All options are accounted for at fair value as determined by the Black-Scholes option pricing model using amounts that are believed to approximate the volatility of the trading price of the Shares, the expected lives of awards of options, the fair value of the Shares, and the risk-free interest rate.

With respect to Share Units granted under the Omnibus Plan, the Share Units will vest, as determined by the Board, as set out in such participant's RSU agreement or PSU agreement, as applicable. Share units are accounted for at their intrinsic value.

With respect to RSUs granted under the Old RSU Plan, unless otherwise determined by the Board of Directors, with the input of the Human Resources and Corporate Governance Committee, each RSU vests on a date no later than December 31 of the third calendar year following the calendar year in respect of which the RSU is granted, as is determined at our Board's discretion. RSUs are redeemed within 30 days following the vesting date, by a cash payment to the participant equal to the number of vested RSUs multiplied by the closing price per Share on the TSX on the last trading day on which the Shares were traded preceding the vesting date. A dividend RSU vests on the same day as the RSU in respect of which it was granted and is redeemed by the Company on the same date as the applicable RSU. All RSUs are accounted for at their intrinsic value.

Deferred Share Units

Pursuant to the DSU Plan, independent directors are entitled to elect to receive all or any portion of their annual retainer and meeting fees in the form of DSUs instead of cash. A DSU is a right to receive a cash payment based on the value of a Share, credited by means of a book-keeping entry in the books of the Company, to an account in the name of the

independent director. At the end of the director’s tenure as a member of the Board, the director is paid, in cash, the market value of the Shares represented by the DSUs.

The Board of Directors has approved the following annual DSU grants to independent directors: independent director – \$15,000 equivalent in DSUs; Chair of the Human Resources and Corporate Governance Committee - \$20,000 equivalent in DSUs; Chair of the Audit Committee - \$20,000 equivalent in DSUs; and Chairman of the Board of Directors - \$30,000 equivalent in DSUs.

Contemporaneously with the adoption of the DSU Plan, the Board also established ownership guidelines for directors pursuant to which each non-employee director is required to hold Shares and/or DSUs equal to three times the director’s annual cash retainer within three years of initial appointment. The value of the directors’ Shares or DSUs are measured at either the year-end Share price, or a director’s acquisition cost of Shares and initial grant price of DSUs.

INTRODUCTION

The term “Company” herein shall refer to Hydrogenics Corporation and the term “Board” shall refer to the Board of Directors of the Company.

The Board is elected by the shareholders and is responsible for the stewardship of the business and affairs of the Company. The Board seeks to discharge such responsibility by reviewing, discussing and approving the Company’s strategic planning and organizational structure and supervising management to oversee that the foregoing enhance and preserve the underlying value of the Company.

Although directors may be elected by the shareholders to bring special expertise or a point of view to Board deliberations, they are not chosen to represent a particular constituency. The best interests of the Company as a whole must be paramount at all times.

QUALIFICATIONS OF DIRECTORS

A majority of the directors will be “independent.” No director will be deemed independent unless the Board affirmatively determines the director has no material relationship with the Company, directly or as an officer, shareholder or partner of an organization that has a material relationship with the Company. The Board will observe all additional criteria for determining director independence pursuant to the rules of Nasdaq Global Market, the Toronto Stock Exchange, and other governing laws and regulations.

DUTIES OF DIRECTORS

The Board discharges its responsibility for overseeing the management of the Company’s business by delegating to the Company’s senior officers the responsibility for day-to-day management of the Company. The Board discharges its responsibilities both directly and through its committees, the Audit Committee and the Human Resources and Corporate Governance Committee. Only independent members may serve on any of the foregoing committees of the Board. In addition to these regular committees, the Board may appoint ad hoc committees periodically to address certain issues of a more short-term nature. Each of the standing committees of the Board will have its own charter. The charter will set forth the responsibilities of each committee, procedures of the committee and how the committee will report to the Board.

Directors must fulfill their responsibilities consistent with their fiduciary duty to the shareholders, in compliance with all applicable laws and regulations. Directors will also, as appropriate, take into consideration the interests of other stakeholders, including employees and the members of communities in which the Company operates.

In addition to the Board’s primary roles of overseeing corporate performance and providing quality, depth and continuity of management to meet the Company’s strategic objectives, principal duties include, but are not limited to the following categories:

Appointment of Management

1. The Board has the responsibility for approving the appointment of the Chief Executive Officer and all other officers of the Company and approving the compensation of the Chief Executive Officer, following a review of the recommendations of the Human Resources and Corporate Governance Committee. To the extent feasible, the Board shall satisfy itself as to the integrity of the Chief Executive Officer and other executive officers and ensure the Chief Executive Officer and other executive officers create a culture of integrity throughout the Company.
2. The Board from time to time delegates to senior management the authority to enter into certain types of transactions, including financial transactions, subject to specified limits. Investments and other expenditures above the specified limits and material transactions outside the ordinary course of business are reviewed by and subject to the prior approval of the Board.
3. The Board oversees that succession planning programs are in place, including programs to appoint, train, develop and monitor management.

Board Organization

4. The Board will respond to recommendations received from the Human Resources and Corporate Governance Committee, but retains the responsibility for managing its own affairs by giving its approval for its composition and size, the selection of the Chair of the Board, candidates nominated for election to the Board, committee and committee chair appointments, committee charters and director compensation.
5. The Board may delegate to Board committees matters it is responsible for, including the approval of compensation of the Board and management, the conduct of performance evaluations and oversight of internal controls systems, but the Board retains its oversight function and ultimate responsibility for these matters and all other delegated responsibilities.
6. Non-management directors will meet in camera as needed. Normally, such meetings will occur at the end of regularly scheduled Board meetings.

7. The Board has the authority to hire independent legal, financial or other advisors as it deems necessary.

Strategic Planning

8. The Board has oversight responsibility to participate directly, and through its committees, in reviewing, questioning and approving the mission of the business and its objectives and goals.
9. The Board is responsible for adopting a strategic planning process and approving and reviewing, on at least an annual basis, the business, financial and strategic plans by which it is proposed the Company may reach those goals, and such strategic plans will take into account, among other things, the opportunities and risks of the business.
10. The Board has the responsibility to provide input to management on emerging trends and issues and on strategic plans, objectives and goals that management develops.

Monitoring of Financial Performance and Other Financial Reporting Matters

11. The Board is responsible for enhancing congruence between shareholder expectations, Company plans and management performance.
12. The Board is responsible for:
 - a. adopting processes for monitoring the Company's progress toward its strategic and operational goals, and to revise and alter its direction to management in light of changing circumstances affecting the Company; and
 - b. taking action when Company performance falls short of its goals or as other special circumstances warrant.
13. The Board shall be responsible for approving the audited consolidated financial statements, interim consolidated financial statements and the notes and Management's Discussion and Analysis accompanying such consolidated financial statements.
14. The Board is responsible for reviewing and approving material transactions outside the ordinary course of business and those matters the Board is required to approve under the Company's governing statute, including the payment of dividends, issuance, purchase and redemption of securities, acquisitions and dispositions of material property, plant and equipment and material capital expenditures.

Risk Management

15. The Board has responsibility for the identification of the principal risks of the Company's business and ensuring the implementation of appropriate systems to effectively monitor and manage such risks with a view to the long-term viability of the Company and achieving a proper balance between the risks incurred and the potential return to the Company's shareholders.
16. The Board is responsible for the Company's internal control and management information systems.

Policies and Procedures

17. The Board is responsible for:
 - a. developing the Company's approach to corporate governance and approving and monitoring compliance with all significant policies and procedures related to corporate governance; and
 - b. approving policies and procedures designed to ensure the Company operates at all times within applicable laws and regulations and to the highest ethical and moral standards and, in particular, adopting a written code of business conduct and ethics which is applicable to directors, officers and employees of the Company and which constitutes written standards that are reasonably designed to promote integrity and to deter wrongdoing.
18. The Board enforces its policy respecting confidential treatment of the Company's proprietary information and Board deliberations.
19. The Board is responsible for monitoring compliance with the Company's Code of Ethics. Any waivers from the code that may be granted for the benefit of the Company's directors or executive officers must be granted by the Board (or a Board committee) only.

Communications and Reporting

20. The Board has approved and will revise from time to time as circumstances warrant a Corporate Disclosure Policy to address communications with shareholders, employees, financial analysts, the media and such other outside parties as may be appropriate.
21. The Board is responsible for:
 - a. overseeing the accurate reporting of the financial performance of the Company to shareholders, other security holders and regulators on a timely and regular basis;

- b. overseeing that the financial results are reported fairly and in accordance with Canadian generally accepted accounting standards and related legal disclosure requirements;
- c. taking steps to enhance the timely disclosure of any other developments that have a significant and material impact on the Company;
- d. reporting annually to shareholders on its stewardship for the preceding year; and
- e. overseeing the Company's implementation of systems that accommodate feedback from stakeholders.

Position Descriptions

22. The Board is responsible for:

- a. developing position descriptions for the Chair of the Board, the chair of each Board committee and the Chief Executive Officer (which will include delineating management's responsibilities);
- b. approving the corporate goals and objectives that the Chief Executive Officer is responsible for meeting; and
- c. developing a position description for the directors which sets out the expectations and responsibilities of directors, including basic duties and responsibilities with respect to attendance at Board meetings and advance review of meeting materials.

Orientation and Continuing Education

23. The Board is responsible for:

- a. ensuring all new directors receive a comprehensive orientation, that they fully understand the role of the Board and its committees, as well as the contribution individual directors are expected to make (including the commitment of time and resources that the Company expects from its directors) and that they understand the nature and operation of the Company's business; and
- b. providing continuing education opportunities for all directors, so that individuals may maintain or enhance their skills and abilities as directors, as

well as to ensure their knowledge and understanding of the Company's business remains current.

Human Resources of Directors

24. In connection with the nomination or appointment of individuals as directors, the Board is responsible for:

- a. considering what competencies and skills the Board, as a whole, should possess;
- b. assessing what competencies and skills each existing director possesses; and
- c. considering the appropriate size of the Board, with a view to facilitating effective decisionmaking. In carrying out each of these responsibilities, the Board will consider the advice and input of the Human Resources and Corporate Governance Committee.

25. Director nominees shall be selected by a majority of the independent directors.

Board Evaluation

26. The Board is responsible for ensuring that the Board, its committees and each individual director are regularly assessed regarding his, her or its effectiveness and contribution. An assessment will consider, in the case of the Board or a Board committee, its mandate or charter and in the case of an individual director, any applicable position description, as well as the competencies and skills each individual director is expected to bring to the Board.

Annual Review

27. The Human Resources and Corporate Governance Committee shall review and reassess the adequacy of this mandate at least annually and otherwise as it deems appropriate and recommend changes to the Board, as necessary. The Human Resources and Corporate Governance Committee will ensure this mandate or a summary that has been approved by the Human Resources and Corporate Governance Committee is disclosed in accordance with all applicable securities laws or regulatory requirements in the Company's annual management information circular or such other annual filing as may be permitted or required by applicable securities regulatory authorities.
